

# 4 Stability

1 in 4 private renters do not meet the stability dimension of the standard, with the majority failing because they feel that they don't have enough control over how long they can stay in their home.

'I don't feel safe because at some point someone can turn around and take that away.'

## % PEOPLE WHOSE HOMES FAIL CRITERIA FOR STABILITY BASED ON:

### TENURE

### REGION

### PROPERTY AGE

### CHILDREN IN HOUSEHOLD

### AGE OF HOUSEHOLDER
